

FRIENDSHIP SOCIAL STORIES MINI BUNDLE

This mini bundle includes social stories designed to support children with cooperation and flexibility. Each story focuses on moments when children have strong ideas, disagreements happen, or plans don't go as expected — and helps children learn how to share control, listen to others, and work together.

Stories can be used together or individually based on children's needs.

Flexibility is challenging

All Settings Version
(for school, homeschool, and home use)

Sometimes when I am playing or working with other people, I want things done my way. I might choose the game, tell others what to do, or feel upset when things don't go the way I planned. This can happen during recess, group work, or when I am playing.

Let's do it my way!

All Settings Version
(for school, homeschool, and home use)

The other people might feel ignored, annoyed, or feel like their ideas don't matter. Everyone has feelings in this situation.

Isn't this fun!

These stories focus on cooperation and shared decision-making — not control or compliance.

You'll find **story-specific notes** that explain:

These notes are written to be supportive—not prescriptive.

- Revisit as a neutral support—not a consequence

Home & Homeschool Use

- Re-read as often as needed to build understanding over time

Counseling & Therapeutic Settings
